NOTE: TO COORDINATE FINISHES BETWEEN BRONZE TUBULAR ENTRY SETS & BRASS INTERIOR HARDWARE,
see chart below. The finishes will be SIMILAR, but not an exact match due to material differences

BRASS FINISH		BRONZE PATINA	
Polished Brass	PBW	N/A	-
Brushed Brass	BBW	Brushed Bronze	BB
Aged Brass	ABL	Khaki	KH
Ash Gray	AGL	Pewter White	PW
Dark Bronze	DBL	Midnight Gold	MG
Matte Black	MBL	Obsidian	ON

IMPORTANT NOTE ABOUT OUR BRASS HARDWARE AND FINISHES:

Our brass hardware is sand cast and hand finished. Minor surface and finish variations are not a defect, but an intrinsic characteristic of the casting and finishing process that imparts a hand crafted, organic look to our hardware.

We offer THREE types of finishes:

- 1) Hand applied WAX finishes are living finishes and will age gracefully over time. How quickly they will age depends upon the conditions of use, and whether any maintenance has been done (a light re-waxing).
- 2) Hand applied finishes with a clear water-based LACQUER will resist aging
- 3) ElectroPLATED finishes

IMPORTANT NOTE ABOUT OUR BRONZE HARDWARE AND PATINAS:

Our bronze hardware is sand cast from art grade bronze. Surface pitting, grains and texture are random and not a defect. This is an intrinsic characteristic of the casting and finishing process, and imparts a hand crafted, organic look to our hardware.

Our distinctive patinas further enhance this luxurious, organic aesthetic. All of our patinas are hand applied and will vary slightly from piece to piece, and from patina samples or display samples. This is due to aging of samples, and natural variations in patina which occur depending upon the bronze casting, and temperature and humidity when our artisans apply the patina. This is considered to be a key part of the beauty and uniqueness of our hand crafted product and not a defect.

All our patinas are living finishes and will age gracefully over time. How quickly they will age depends upon the conditions of use, and whether any maintenance has been done (a light re-waxing).
